Six key elements define the master plan vision and character of the new district:

- 1) The “Great Lawn”, arranges cultural, civic and commercial land uses around a grand scaled mall.
- 2) The Grand Waterway is a central landmark, and provides for both active and pastoral environments.
- 3) The retail core is an east west corridor with several distinct nodes.
- 4) The “Emerald Necklace” is an urban greenway and evokes memories of the historic riverfront park that encircles downtown.
- 5) Four “Neighborhood Districts” combine a wide range of residential typologies and amenities.
- 6) A series of centralized “Themed Parks” that serve as local destinations.

The vision provides for a seamless integration of living, playing, shopping, and sight seeing within a beautiful green framework.
