LANDSCAPE

STATUS: MULTIPLE PHASES
COMPLETE

Featuring a wide spectrum of new shops, restaurants, entertainment right outside its door, Post Legacy offers an entirely new concept in urban living. With a commanding presence in Plano's Legacy Town Center, Post Legacy offers residents an easy commute to some of the area's most prominent employers. In addition, Post Legacy has a wonderful array of retail and restaurants available at your fingertips.

The design of the town center is diverse and varying amongst a unified composition that encourages pedestrian traffic in a unique environment. Sidewalks are lined with shade trees and plantings providing a lush green timeless texture. The architecture, inspired by the farm and town square buildings of the Texas Hill Country is designed with a palette of materials that are elegant and familiar. In addition, the plan incorporates environmental graphics and public art, pedestrian spaces, and security systems.

The work described on this page was completed by David Robbins while working with RTKL Associates Inc.
